Miss Daisy E. Cole, Miss Flora F. Fears and A. S. Cole are Delegates and will attend the Lewis County Sunday-school Convention at Vanceburg the 25th, 27th and 28th insts.

We wrote the County Superintendent of Schools how to proceed to enforce the Eight Weeks Compulsory Educational Law, and are informed there are no provisions made for indigent children whose parents are not able to send them to school by reason of proper habilitations. The county, however, furnishes \$100 for books. Now, how about the clothing?

We are informed by letter from our County Judge that the whole county has to send in a petition for free pikes, instead of this or that road that wants free pikes, regardless of some other road in the county. This is enough to say we will have free pikes about the time the millennium comes around. If the Cabin Creek, Sand Hill and Manchester Turnpike people want free pikes it's nobody's business, if they want to be taxed to keep them up instead of toll roads. The toll on them don't keep them in lawful repair and don't pay dividends on stock, and especially any debts on the road; so where, when and by whom are you going to have free pikes?

The day will be a success, for Rev. Penn is working it up.

The Sunday-school of the Christian Church observed Children's Day last Sunday afternoon. The decorations were lovely and showed the ingenuity and good taste of those who did the work. The myriads of flowers, intermingled with the bright and earnest faces of the children, were indeed enough to touch the heart of any one and cause him to open his purse and pour the contents into the missionary treasury so that the little heathen may learn of God and ere long celebrate Children's Day as our own children do. The children entered into the spirit of the work and every recitation and song seemed to come from the heart. The exercises were all appropriate and each one did his or her part very beautifully. The older children took part and entertained the audience with essays and recitations. The music was indeed excellent. The house was crowded and many had to content themselves out in the yard with looking in at the windows. Everyone pronounced the afternoon's entertainment a success and the appreciation was shown by the liberal contribution.

Mr. and Mrs. J. T. Cackley, Mrs. R. A. Cochran, Mrs. Shultz Wood and Mr. Ed. H. Neabitt went awheel this morning to Bluefields.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

chairs and there was a repetition of the scenes of a half hour ago in a somewhat milder scale. At 4:22 the band struck up "Tramp, Tramp the Boys are Marching." The Quay adherents are anxious to equal the McKinley demonstration.

*Blank 2. Necessary to a choice, 454.

Total number delegates present, 904.

Mr. Lodge moved for Massachusetts to make the selection unanimous. The motion was carried by a standing vote.

Senator Lodge then moved that the convention proceed with the nomination of vice president. It was carried with the addition that nominating speeches be limited to five minutes. There was considerable confusion when nominations for vice president were declared to be in order. The delegates were on the floor caucusing, and thousands of spectators left the hall.

Mr. Fessenden, of Connecticut, nominated ex-Gov. Bulkeley.

Mr. Hobart was nominated, and seconded by Mr. Humphrey, of Illinois.

Mr. Allen, of Rhode Island, nominated Charles Warner Lippitt, of that state.

Mr. Randolph suggested the name of Henry Clay Evans, of Tennessee. His nomination was seconded by Mr. Smith (colored), of Kentucky.

Mr. L. C. Walker, of Virginia, colored, put in nomination his fellow-delegate, James A. Walker.

A delegate from West Virginia reported that that state was solid for sound money, solid for McKinley and solid for Hobart, of New Jersey, for vice president.

The balloting for vice president then began. The call had only proceeded as far as South Dakota when it became evident that Hobart had been nominated on the first ballot and the delegates and the crowd in the hall began to leave the building.

Resolutions were offered and agreed to, appointing the chairman, Mr. Thurston, and the temporary chairman, Mr. Fairbanks, chairman respectively of the two committees to notify the nominees for president and vice president which will meet Friday morning at the Southern hotel.

Resolutions of thanks were also offered to the chairman, temporary chairman and the officers of the convention, and suitable acknowledgments were made by Messrs. Thurston and Mr. Fairbanks.

The result of the ballot for vice-president was announced by the chair as follows: Hobart, 2934; Evans, 2774; Bulkeley, 25; Lippitt, 8; Walker, 24; Reed, 4; Thurston, 3; Frederick Grant, 2; Depew, 2; Morton, 1. Absent, 23.

The chair informed the convention that it would be necessary to appoint two committees to wait upon the nominees for president and vice-president and notify them of their nomination, and requested the delegates to select from the various states to choose two of its members to act on these committees.

The chair then formally declared Garrett A. Hobart, of New Jersey, the nominee for vice president of the United States, and the convention adjourned sine die at 7:31 p. m.

OR, LOUIS, June 17.—Speaking of the rumor that Gov. Morton had consented to accept the second place on the presidential ticket, Mr. Chauncey Depew stamped it as wholly without foundation.

A woman never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, both before and after birth. Most of all woman's weakness and particularly the weakness that most strongly influences the health of children comes from some derangement or disease of the distinctly feminine organs. Dr. Pierce's Favorite Prescription will cure troubles of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all of the organs involved, lessens the pains of childbirth and insures the health of both mother and child.
